Sacred Soul Readings

With Ninette 

“LET NOTHING DIM THE LIGHT THAT SHINES WITHIN”.

Maya Angelou

We all have wings.

FROM THE UNIVERSE TO ME TO YOU.....

I was asked to put my ability out there, more than I have in the last 4 years since I started charging in 2019.

There are no words that capture the magnificent journey in watching so many people who are in contact with their loved ones, also their pets and a sense of calm, happiness, and peace when they do.

You may have heard the term “Light Worker” ...this is someone who consciously chooses to answer the call of spirit/soul/Source/the light over the call of the ego/fear/control/darkness.

I work with the LIGHT, the angels, GOD and all your loved ones who have passed.

You are all LIGHT, you are all unique and you all matter and are part of the authentic gift we are all here for. A calling to be just ourselves exactly how we are.

Ninette xoxo

Your SOUL is always calling.

I wanted to send this form of communication through email in a newsletter form, so that you can enjoy reading and maybe something will resonate with you, or you know someone who may identify with something and is a sign for you or them to contact me. **This is how the Universe works.** ♥

Through the many Souls who have passed with diseases, accidents, old age, even ones that have been murdered and others through suicide, I have learnt from them that we are all here to learn and that when we cross over, we are not punished for what we did here on earth. We go through a life review and some more than others in the case of suicide or sudden death through someone else's hand.

Also, our beloved Pets talk when they go to the other side and many times come through wanting their owners to be at peace when they were asked to putting them down. They are all able to communicate just like we do.

Life is good, it's never too late to change!

This is huge for many I have seen when their loved ones or people they knew have suddenly taken their lives. If only but a few seconds, they could have known that it's ok to change direction, their mind or feel good enough to be here.

All of us are meant to be here. Some break the SOUL CONTRACT but are all LOVE and LIGHT.

Our gorgeous animals are all part of your SOUL JOURNEY, and they choose us.

Contact me to help you or someone you think may need guidance, help or to hear from someone.

Lots of love Ninette
